Visit To Orphanage School

Introduction

An **orphanage** houses children of various ages who either have no family or have lost their families in natural calamities. The home usually has a care-taker who monitors the children of the **orphanage** and a few helpers to take care of the residents.

An Objective

The main **objective** of the **orphanage** is to create a positive loving environment in which the often abandoned and neglected children feel at home and cared for, as a basis for social and professional development. A significant effort is invested in re-socializing the children after they come in.
